Our guest speaker was Major Martin A. Sorrell, of the 509th Bombardment Wing from Pease Air Force Base.

Services were held at Pine Grove Cemetery at the Carrie Norris Memorial Building with a very good attendance.

The invocation was given by Rev. Father Horan of Dover. Benediction was given by Rev. Carl Hovelson of Barrington.

The American Legion Firing Squad from Northwood, N H., assisted in the services.

Thanks to Al Paquin and the Choir for fine music rendered by members from all three churches in Barrington.

We hope the people of Barrington will continue their fine support in keeping Memorial Day what it is meant to be, a Memorial Day for our Veterans and loved ones.

Respectfully submitted to the voters of the Town of Barrington, Hanson-Keliher Post No. 6804 Veterans of Foreign Wars of the United States.

FIRE DEPARTMENT REPORT

REPORT OF THE FOREST WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience—a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump - its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF BARRINGTON FIRE DEPARTMENT

The 1963 fire log shows 20 calls.

- 1 call for the rescusitator
- 1 house fire
- 2 chimney fires
- 5 vehicle fires
- 7 brush fires
- 4 calls for assistance out of town

The new fire truck was purchased and placed in service the last of November. This is a Ford chassis with a 600 gallon tank and 500 gallon per minute front end pump.

The addition to the fire house was closed in and work is progressing slowly. We were able to house all running equipment in the building this winter.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of
Barrington qualified to vote in district affairs:

You are hereby notified to meet at the Barrington School in said district on the 9th day of March, 1964, at Eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors and Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of satutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will raise and appropriate the sum of \$364 for a new gas stove.
10. To see if the district will vote to elect its district officers at town election day in the future.
11. To see if the district will vote to raise and appropriate \$4,000.00 for an additional teacher and create the position of supervising principal.
12. To see what sum the district will vote to raise and appropriate for the construction, equipment and furnishing for the addition to the Barrington Grade School and whether the district will vote to authorize the issue of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale, the time and place of payment of the principal and in accordance with the municipal bond statute, N. H. Revised Laws, Chapter 72 and any amendments relating thereto.
13. If the district has adopted the article for the new addition to the Barrington Grade School, to see if the district will vote to appoint a building committee to consist of the school board and three persons to be appointed by the moderator and the school board to supervise the construction of said addition, provided that the plans, specifications shall be approved by the school board acting as required by law and the school board be further authorized to execute any and all contract or agreements necessary in connection with the construction of said addition.
14. To transact any other business that may legally come before this meeting.

Given under our hands at said Barrington this
day of February, 1964.

The citizens and pupils of Barrington are again enjoying a very successful year under the able administrative leadership of Principal McLane.

In September, Mrs. Arlene MacDonald replaced Mrs. Louise Chamberlain in grade 6. Mrs. Muriel Ramsdell replaced Mr. Paul Bolich as music supervisor.

Due to an unexpected enrollment of 45 grade 1 pupils, a special meeting was held on October 22. At this meeting, it was voted to partition the cafeteria and add another teacher. On December 4, the first grade was divided and Mrs. Phyllis Andrade was elected to the newly created position.

The people who attended the special meeting also voted to create a Building Committee to study the need of expanding present facilities to accommodate the growing school population. The committee was requested to submit plans and cost at the next regular school district meeting. The unpredicted growth in your population can be attributed to people moving into the community.

Next September, it will inevitably be necessary to have two sections in grade 1 and two sections in grade 2.

This will require adding another teacher to your staff, obviously, it will also be reflected in your 1964-65 budget.

Effective July 1, 1964, the towns of Brookfield, Middleton and Wakefield will be added to Supervisory Union No. 44, this is in accordance with the State Board of Education's master plan. The Board also voted to tender an Assistant Superintendent to this newly created Union, recognizing the size and supervisory responsibilities of the present union as well as the additional burden that would be placed upon the central office by adding the three districts at a very slight increase in cost, if any.

In conclusion, I should like to express my appreciation for the cooperation given me during the year by the citizens, school board, teachers and pupils of Barrington.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools.

REPORT OF THE PRINCIPAL

To the Citizens of Barrington:

The year 1963 had many crucial happenings that affected every man, woman and child in this great country of our.

Our mass media told of the unfortunate sinking of the ill-fated Thresher; the dastardly and heinous assassination of our President; the Civil Rights march on Washington, D. C.; the temporary opening of the Berlin Wall and the spectacular space and medical accomplishments achieved by our scientists.

It is towards a place in this fast moving world that we are educating our children.

Today, more and more material is required to be taught in our elementary schools. Along with this advance in new materials, we are being faced with new teaching techniques, and new methods of presenting subject materials. For example, modern math, new basal reading series, and new approaches to the teaching of social studies and science.

The elementary school is also encountering an earlier presentation of materials. What was formerly taught in certain grades is now being introduced at the next lower grade level; leading to a new core curriculum.

Throughout the whole country, our public and private schools are faced with an ever-growing school population. This problem of over-crowded conditions is prevalent at all school levels, and with only one feasible solution — expansion.

To the above stated problems, Barrington is no exception. This year, the school was faced with the

necessity of having two first grade rooms. Our students are going into competition, in high school, with students who have studied in new curriculums. For example in the field of mathematics, our graduates are finding it sometimes difficult to comprehend the newer concepts of math already experienced by students who have graduated from other elementary schools which offer this new program.

To cope with this problem, our teachers are presently studying the concepts of modern math via educational television and extension courses, in hopes that the town will allocate the necessary funds in order that we can provide this vital mathematics program.

In the field of reading enrichment, the teachers and the PTA coordinated their efforts in securing much needed enrichment materials so that the students could broaden their knowledge.

There are many problems yet to be solved, but with the cooperation of the parents and the citizens of Barrington, these problems may be solved and our aims realized — a "quality" education for all the children.

Respectfully submitted,

HALFORD P. McLANE,
Principal.

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

It gives me pleasure to present a report of the health program as carried out in the schools of Barrington, Epsom, Northwood, Nottingham and Strafford during the school year of 1962-63.

The Suncook Bank of Suncook, N. H., has very generously donated a School Vision Tester to these five towns, to be used by the school nurse. This is a great help in testing vision since it provides for correct lighting and distance under all conditions. The Suncook Bank is to be commended for its fine community spirit.

Each school has had its share of the various contagious diseases and skin diseases, but these were well controlled and presented no major problem. The parents were most cooperative in this matter, as well as in obtaining professional care and treatment for any reported physical defects. Such cooperation is a necessity in carrying out an effective school health program, and I wish to express my sincere appreciation for it.

The following is a brief summary of the health services provided in the Barrington Grade School during this past year:

Tests and Examinations	Corrected Cases
Vision tests: 230	Vision: 18
Hearing tests: 50	Hearing: no defects found
Heights and Weights: 226	Teeth: 95
Teeth and Tonsils: 226	Enlarged Tonsils: 3
	Speech: none

A Pre-School Clinic was held May 27, 1963. It was attended by 28 children, and they were given a routine

health inspection by the nurse. Where any defect was noted, the child's parents were notified so that correction might be made before the child was enrolled in school in September.

During the year 38 home calls were made.

I would like to take this opportunity to thank Mr. Martineau, the School Board, Teachers and many others for their excellent cooperation.

Respectfully submitted,

DOROTHY Y. WELLS, R. N.,

School Nurse.
